

A Call to Action in Support of a United Nations 5th World Conference on Women

"Convening of a Fifth World Conference on Women" (NGO Document 10) urges CSW 55 to support a UN NGO 5WCW and to advance this proposal to ECOSOC and the General Assembly. Target date would be 2015, 20 years after 4WCW in Beijing. As a passionate and persevering advocate, Jean Shinoda Bolen, MD speaks about the potential of 5WCW synergizing with UN Women, with the internet and 21st century technology, and as essential for the development of the next generation of women NGO and UN leadership. Research in psychology and neuroscience shows us that there are gender differences. Only when women are empowered, will our world have the benefit of women's abilities to communicate, empathize, prioritize, problem solve in a world where all children matter. 5WCW is not an end in itself, but a huge step toward a global women's peace, justice and empowerment movement.
